Welcome to 2dartist issue 127!

This month's issue features interviews with Patricio Clarey, who discusses his darkly surreal illustrations, and a showcase of Helen Norcott's 'Sketch a day' personal challenge. We also take a look at the intricate and detailed sketchbook of illustrator Rajkumar Ramalingam.

Along with plenty of creative inspiration, we have detailed tutorials from Alejandro Olmedo, who shows how to speed paint an eastern dragon, and Nick Foreman's guide to designing a sci-fi prison vehicle. Florent Llamas demonstrates how to create an organic alien city, Rudy Siswento generates custom brushes for painting a story-lead creature illustration, and José Julián Londoño Calle shows how he builds sci-fi environments!
